Here at CHAP we take a lot of pride in our longstanding tradition of taking on craft apprentices and also offering them onward employment and development once qualified. At present we have a total of 4 apprentices (Joiners, Bricklayers and Plant Fitter/Mechanics) at various stages of their training.

We are looking to recruit the following 2 new apprentices to commence a 4 year Modern Apprenticeship (MA) toward the end of July 2018. These apprenticeships offer the opportunity of hands-on vocational work experience and training, side-by-side with block release college attendance.

- **APPRENTICE BRICKLAYER**
- **APPRENTICE JOINER**

At minimum, applicants will need to demonstrate they have a good aptitude for hands-on practical work and also good basic numeracy skills.

If you have a keen interest in either of these apprenticeships and wish to apply, then please send in an up-to-date CV, along with a brief cover letter/email explaining why you are interested in doing this apprenticeship with us and why you think you are a good candidate for it. If you do not have a CV, then contact us to request an application form to complete instead.

Closing date for applications: 16 March 2018.
