

Energise Your Future at Subsea Expo 2020

Thursday 13th February 2020
09.30 – 13.00 (registration starts at 09.00)
P&J Live, Aberdeen

OPITO would like to invite students and teachers to **Energise Your Future** at **Subsea Expo 2020**.

Senior school pupils who have an interest in the energy sector have the opportunity to liaise with companies at their interactive exhibition stands and relate their subjects to career options and disciplines through interesting discussions and activities.

Pupils will take part in an interactive STEM activity, hosted by OPITO & Subsea UK before going on a guided tour of the Subsea Expo exhibition. Participating exhibitors will host activities on their stand.

Why should my pupils attend?

- Find out more about this innovative industry
- Open their eyes to the opportunities within the energy sector on a global scale
- Let them see how their school subjects can apply to different areas of the sector
- Give them the opportunity to engage directly with employers
- Find out about the world-class technology on show at Subsea Expo

Places are limited, to secure your school's attendance please complete and return the event reply form or contact the events team via communications@opito.com for more information.
